EcoNugget

Save on Energy

Enrol in the PEAK PERKS PROGRAM!

- Receive $75 on enrolment + $20/year.
- During peak electricity demand your smart thermostat will make brief, time-limited adjustments of 2℃ max and 3 hours max.
- You can override the adjustments anytime.
- Register at: https://www.saveonenergy.ca/For-Your-Home/Peak-Perks

Do you have an Air Conditioner?

- Save more by programming your thermostat so that your house temperature is 2 to 4℃ higher at times when no one is home.
- Your AC will run less often and you can save $50 to $100 over the summer.

Is your Air Conditioner Old and Tired?

- Consider a Cold Climate Heat Pump which both cools in the summer AND heats in the winter.
- Information at https://getpumpedwr.ca
- Rebates are available. For info, go to: https://www.homerenovationsavings.ca/without-assessment/heat-pumps
